

Town Hall Renovation Report for April 2022

Wayne Martin conducted two public information sessions at the Community Auditorium. Approximately 50 people attended.

Wayne presented to the York Rotary Club and the Center for Active Living.

All presentations went well and feedback was positive.

The project is featured on the back page of the voter's guide.

Members of the Building Committee will be at the library the four Saturdays preceding Election Day to provide information and answer questions.

If the warrant article passes, the next steps will be to engage the architect to prepare detailed drawings and identify and engage a construction manager.

Respectfully submitted,

Marla Johnson,
Budget Committee Vice-Chair
