Ms. Gerald reported informally that Casella is beginning to move forward with details concerning the transition to automation, which includes new routes, issuing new carts, educating residents about changes to waste pick-up, and discontinuing curbside bulky waste as of July 3, 2026. MS. Gerald reported that Casella has completed their audit of current collection routes and has identified streets that will no longer be serviceable with automation. This information has not yet been shared with the Town.

The bulk of the meeting was spent reviewing the proposed Ordinance revision that Ms. Maguire has been working on over the past week at the direction of the Town Manager. Comments and suggestions were made by Committee members.

February meeting will be 2/9/25 in the Wheeler Room, 3-5 PM
