Topics Discussed:

1. Three foot law signage:

The Committee will pursue installing signage on the 3 foot law in key locations around town. On state roads, Maine DoT has responsibility for this signage. In late April, Patrick Adams of Maine DoT will meet with the Committee, Dean Lessard and representatives from Kittery to reach agreement on sign placement. MDoT will provide the signs. DPW in Kittery and York will install.

The Committee worked to define where we recommend signs should be installed on state roads. Dave will create a map for Committee review at the next meeting.

On several state roads, it would be more appropriate to mark the roads with sharrows and/or Bikes May Use Full Lane signs. The sections identified are:

- York Street -York Village (per the revitalization Plan)
- York Street – York harbor from the Lancaster Building to the Reading Room
- Long Beach Avenue – for the length of the beach
- York Beach – from Broadway to the Senior Center
-

The need for signage highlighting the York Street crosswalk at Georgianna was noted.

While the discussion focused on state roads in anticipation of our meeting with Maine DoT, several Town roads were identified as priorities for 3 foot signs/ sharrows at the local level. They are:

- Mountain Road from Route 1 to the base of Mt A
- Chase's Pond Road
- Southside Road
- Bog Road
- Scotland Bridge Road
- Nubble Road
- Shore Road
