

MSSRB Minutes December 9, 2021

Present: Bob Luttmann, Katie Dodge, Roslyn Birger-Hershfield, Maureen Jelloe, Pat Conner

Agencies Presented:

Cornerstone: funding request for FY 23 was \$1500. Cornerstone did not provide all of the data requested in town application. Two contacts were made with no response. They did report 35 York Residents served with an unduplicated value of \$5400. Review Board will discuss at greater length this agency's data and whether to recommend funding.

YCCA: York County Community Action Corp: request for funding \$6750. Serviced 767 York residents with a value of \$728,741. Additionally they added a new service of free rental assistance to 110 households in York with a value of \$239,981. It is felt that services provided by YCCAC helps reduce the reliance on General Assistance in the Town.

York Community Services Association:YCSA request for funding for FY23 is \$10,000. The Board initially had some difficulty understand the spreadsheet provided on expenses and revenue. Through contact with YCSA the Board was able to get clarification. The list of services provided by YCSA is too numerous to list in these minutes but include 144 families registered at food pantry, 180 food boxes distributed to elderly, and 317 residents received case management services. This is just a small sample of services provided. Dollar value of services provided to York resident was \$426,600.

Respectfully Subm
