

# CDP SNAPSHOT REPORT - CITIES 2020

## Town of York, ME

Region North America

Country United States of America

Final score C

This snapshot report presents the score that Town of York, ME received for its response to CDP's 2020 questionnaire. CDP uses the scoring methodology to incentivize cities to measure and manage environmental impacts. This report can be used as a tool for gaining an overview of environmental performance and how the city's response can be improved in the future. Responses are scored using the [2020 CDP Cities Scoring Methodology](#). Scores are private to cities, although CDP will recognize and reward the highest scoring cities.

### REGIONAL DISTRIBUTION

The bar chart above shows the count of scores achieved by cities in North America.

The score for Town of York, ME is shown in red.

### GLOBAL DISTRIBUTION

The bar chart above shows the count of scores achieved by cities globally.

The score for Town of York, ME is shown in red.

### INFORMATION REPORTED

Your city is committed to the Global Covenant of Mayors for Climate & Energy

Your city is committed to reduce its emissions by 50% by 2030

This chart indicates what information was provided by your city in the CDP 2020 questionnaire. A “✓” symbolizes that your city has reported the information stated on the left-hand side while a “✗” symbolizes that your city has not reported the information. The colored bars highlight the % of cities globally and within your region who have reported the information stated on the left-hand side in their CDP response.

- ✓ City-wide emissions inventory
- ✗ Risk/vulnerability assessment
- ✓ City-wide emissions reduction target
- ✗ Renewable energy target
- ✗ Energy efficiency target
- ✗ Climate adaptation plan
- ✗ Mitigation plan

## THEMATIC SCORES

CDP has broken down your response into two main themes: *Adaptation* and *Mitigation* to assess your city's climate action. Note, cities that do not receive an overall score in *Leadership* (A or A-) will not qualify for an A in their *Adaptation* or *Mitigation* score. To see which sections of the questionnaire are assessed in either the *Adaptation* or *Mitigation* score, please review the [Scoring methodology](#).

**Adaptation: Cities preparing for and adjusting proactively to actual or expected impacts of climate change**

### YOUR ADAPTATION SCORE

C

Town of York, ME's Adaptation score is lower than the North America regional average of B, and the same as the global average of C.

An Awareness level city is assessing their climate impacts and is taking steps to undertake an adaptation plan and set adaptation goals

**Mitigation: Cities measuring and reducing emissions to enable a move towards net zero**

### YOUR MITIGATION SCORE

C

Town of York, ME's Mitigation score is the same as the North America regional average of C, and the same as the global average of C.

An Awareness level city is assessing their climate impacts and is taking steps to undertake a city-wide GHG emissions inventory, action plan and emission reduction targets
