

Fire Hydrant Service Areas By Water District in 2005

York Comprehensive Plan
Inventory and Analysis
Utilities Chapter
March 22, 2005

This map was created using information from the York Water District, Kittery Water District, and Kennebunk, Kennebunkport, & Wells Water District, and the Town of York Planning Department.
The parcels displayed are used to demonstrate property in the Town of York that is within 500 feet of a fire hydrant
York Water District Summer Hydrants are generally active from April to October, yearly.
