Emergency Information and Education

SITUATION

The County and Town of York have continuing programs that provide information about potential hazards, local government preparedness activities, and emergency services to the public. Activities include public service announcements on radio and television stations, brochures, pamphlets, publications, and interviews with the media.

CONCEPT OF OPERATIONS

The Media Operations Center (MOC) is a single information center for the Town of York. It is established at EOC in a major incident. Information is distributed and media briefings are held as frequently as possible at predetermined times and locations.

Media releases are prepared in the Joint Information Center (JIC) and a Rumor Control section monitors radio and television news and answers telephone inquiries.

The County EMA activates the Emergency Broadcast System. If the County EMA Director can't be reached, contact the Maine State Police.

The Public Information Officer (PIO) is responsible for all contacts with the media. He oversees the operation of the JIC, the MOC and Rumor Control.
